SUMMARY

Results-driven Front-End Developer with 2+ years of experience building high-performance, accessible web applications. Spearheaded the development of a responsive e-commerce platform using React JS, achieving a 25% reduction in page load times and a 15-point increase in Lighthouse performance scores. Proficient in HTML, CSS, SASS/SCSS, JavaScript, and React JS, with a strong emphasis on clean, scalable architecture and measurable outcomes.

EDUCATION

Master of Computer Applications (MCA) Andhra University, Visakhapatnam	2022 – 2024
Bachelor of Computer Science Aditya Degree College, Visakhapatnam	2019 – 2022

EXPERIENCE

Front-End Developer ImaginnoVate, Visakhapatnam	2023 – Present
- Engineered scalable, responsive web applications using React JS, delivering 5+ key features per sprint through modular, component-driven architecture. - Optimized application performance by implementing code splitting, lazy loading, and state management refactoring, reducing load time by 40%. - Elevated code quality by refactoring legacy codebase to DRY principles, shrinking overall codebase size by 40% and improving maintainability. - Championed 100+ code reviews with a 5-member design team, cutting UI bug reports by 30% and ensuring pixel-perfect, accessible delivery. - Stepped up as acting Team Lead during manager absences, coordinating 4 developers across 20+ Agile sprints and maintaining 95% on-time feature delivery.	
Junior Software Developer (Internship) Teman Edtech Private Limited, Visakhapatnam	Jan 2022 – Mar 2023
- Architected and launched the Teman Ed-Tech web application using React JS, supporting 1,000+ active users with a 98% uptime rate. - Created a cross-platform UI that resolved lead prioritization issues, boosting inquiry response times by 35% and improving overall team efficiency. - Evaluated 30+ UI/UX designs for technical feasibility, cutting design-to-development handoff time by 20% and accelerating delivery cycles.	

PROJECTS

Pickbazar Website Built a responsive e-commerce platform with 10+ product categories, add-to-cart functionality, and sub-2s load time using React JS.	Analog Clock Built a real-time analog clock with smooth 60fps animation and gradient UI using HTML, CSS & JavaScript.
Music Player (JS & React) Developed a feature-rich music player with 6 core features (loop, shuffle, play/pause, queue, live song list, volume control) using JS & React JS.	E-Commerce UI Clones Recreated 5 production-grade e-commerce UIs (Amazon, Paytm, Tatacliq, Meesho & Pickbazar) with pixel-perfect accuracy using HTML, CSS, Bootstrap & React JS.
Chess Game Engineered a fully functional browser chess game with 15 core game logic features using HTML, CSS & JavaScript.	

SKILLS

- Front-End Development - React JS Application Development - Responsive & Adaptive Web Design - UI/UX Design Implementation - Performance Optimisation - Scalable Component Architecture - Problem Solving & Debugging - Agile / Sprint-Based Development	- HTML5 - CSS3 / SASS / SCSS - Bootstrap 5 - JavaScript (ES6+) - React JS - Git & GitHub - REST API Integration - Figma (Basic) - Chrome DevTools - npm / yarn
---	--

CERTIFICATIONS & ACHIEVEMENTS

Certified in HTML, CSS, JavaScript & React JS • Cybersecurity Awareness Training – Amazon • Electrozyne Event Award | 10th Dan in Karate
